The report on the two unoccupied buildings on the north side of Horseshoe Pike at the intersection of Hopewell Road was received from Yerkes. The report describes the buildings as salvageable. According to Scott Piersol, the buildings may need to be demolished. Linda Morrison asked if the new ordinance to protect from “demolition by neglect” is being or can be enforced. John Black and Jim Buczala will meet with Yerkes and conduct a site visit of the houses.

Jim Buczala is the new Historical Commission representative to the Bondsville Park Committee.

Linda Morrison will report on what permits are required by DEP for wetlands regarding the Wawa project.

Jim Buczala formally submitted the Final Historic Resources Inventory spreadsheet to the Township earlier this week. He is also drafting a letter to send to the newly designated Class II resource owners.
