

East Brandywine Township Historical Commission

Township Building

Gallery

May 14, 2008

7:30 PM

In Attendance:

John Black

James Tobin

Charles Giordano

James Buczala

Carl Josephsen

Jim Buczala has the County's final edition of the historic resource map (GIS Map) for review. The Comprehensive Plan version of the Township's Historic Resources is complete. The Ordinance version of the map must be approved by the Board of Supervisors after notification of resource property owners, whose status is changing on Historical Resource Inventory, in accordance with procedures set in the Township Code.

Jim Buczala provided a draft of the letter to send to the Class II property owners, and it was approved with minor edits.

Jim will also submit a formal request to the Board of Supervisors, per the Ordinance, for the addition of newly identified resources to the Township Historic Resource Map

The Bondsville Mill Park Committee will be meeting next week and asked for the Commission's approval to partially or completely demolish some of the structures on the property. The Commission fully supports the objectives of the Bondsville Mill Park Committee. It was agreed, however, that the standard procedure for demolition of historic resources should be followed, as per Township Code.
