

EBHC Monthly Meeting
13 July 2011
7:30 PM
East Brandywine Township Building

In attendance:

John Black
Jim Buczala
Linda Morrison
Katherine Prammer
David Dilworth

Guests: Mr. and Mrs. Scott Risbon

SCANNED

Called to order at 7:35 pm

Demolition Permit for Trego House (HR-104): Mr. and Mrs. Scott Risbon presented their plans regarding the partial demolition of this resource to the HC.

- Small "old" kitchen inside the "L" of the house (on back side) is to be removed. This is not an issue with any HC member.
- "New" kitchen area (flat roof addition on right side of formal photo of the house) is to be removed.
 - Concerns were raised about protecting the foundation of the original portion of the house.
- Mr. Risbon has constructor's insurance for both the Davis House (HR-88) and the Trego House that includes the Township as a named insured.

The Historical Commission approved the partial demolition work on the resource, noting the concern for protection of the foundation of the original portion of the house that is to remain.

Hadfield Road Bridge:

- ❖ Linda and Jon Morrison will go to the BOS work session to discuss the repairability of the bridge, and to ask the BOS to write a letter to the County asking that the bridge be repaired.

Web Page: Katherine Prammer presented the revised version of the HC web site. Katherine had added many great new features and content. It was reviewed and the HC members made final comments. The web page was approved for presentation to the public by all present HC members.

- ❖ Katherine will contact the Township web master and get the web site linked to the Township's site.

Submitted by Jim Buczala.
